THE PENNSYLVANIA STATE DATA CENTER PROGRAM
PENN STATE HARRISBURG

THE CONCEPT

The Pennsylvania State Data Center (PSDC) Program has been established to improve access to and use of statistical resources available from the United States Bureau of the Census and other sources. Census Bureau products that can be accessed through this PSDC Program include all major statistical programs covering such areas as: population, housing, agriculture, manufacturing, retail and wholesale trade, governments, etc. Data are generated in printed reports, microfiche, and computer files. Information and services are available through the PSDC office at Penn State Harrisburg, the Pennsylvania State Library, or through the network of Affiliate Data Centers (ADCs) located across the Commonwealth.

THE PENNSYLVANIA STATE DATA CENTER

Data Products and Services

The PSDC located at Penn State Harrisburg, will provide products and services to any interested user. State agencies, local governments, businesses, nonprofit organizations, or researchers may all obtain information housed and generated by the PSDC. Costs incurred by the PSDC in providing products and services will be charged to the user.

Products and services available through the PSDC are:

- Census Bureau printed reports and microfiche
- Census Bureau reference maps
- PSDC printed reports
- Consultation on data availability and use
- Computer tape processing
- Demographic and geographic profiles
- Library Research
- Research survey processing and analysis
- Statistical mapping and geoprocessing
- Downloading of information onto microcomputer diskettes
- Zip code profiles
- Population Estimates and Projections
- Online Information and Communication System (EDIN)

Training and Information

The PSDC facilitates education and training in the use of statistical resources by participating in conferences, workshops, and training courses throughout the state. The PSDC also publishes a periodic newsletter about user services and new statistical products.

If you would like information about training sessions or would like to receive copies of the newsletter please contact the Pennsylvania State Data Center as (717)948-6336.

The Center

The PSDC is prepared to assist you in meeting your data and information needs. The center is open daily from 9:00 a.m. to 5:00 p.m. For information, please contact:

ACKNOWLEDGEMENTS

The production of this report was carried out under the general direction of Michael T. Behney, Director of The Pennsylvania State Data Center.

This publication was prepared by Glenn Bobb, Customer Services Coordinator and Ronald Uroda, Demographic Services Coordinator, both of the Pennsylvania State Data Center.

Publication Graphics were prepared by Ronald Uroda.

Additional copies of this report* area available from the Pennsylvania State Data Center. Data contained in this report is also available in machine readable form and can be made available on floppy diskette. For ordering or for additional information contact the Pennsylvania State Data Center, Institute of State and Regional Affairs, Penn State Harrisburg, Middletown, Pennsylvania, 17057, phone (717) 948-6336.

* This information is also available on-line, through EDIN, the Economic Development Information Network.

FROM THE DIRECTOR
BUREAU OF THE CENSUS

The Secretary of Commerce has provided state population counts based on the 1990 Bicentennial Census to the President for the apportionment of the House of Representatives. Now that we have fulfilled that legal requirement, we are sending you the official population counts for all jurisdictions in your state.

Since these counts provide only totals for the state and local governmental units, they are not intended for use in redistricting. As required by Public Law 94-171, the Bureau of the Census will provide counts at the block level for all states and the District of Columbia. We have begun to release these counts on a state-by-state basis; data for all states will be released by April 1, 1991.

As required by the Stipulation and Order in the New York adjustment litigation, these population counts are subject to possible correction for undercount or overcount. The United States Department of Commerce is considering whether to correct these counts and will publish corrected counts, if any, not later than July 15, 1991. It cannot be determined at this time, what effect, if any, a statistical adjustment will have on the apportionment of Congress or state redistricting.

We thank you for your work and support of the 1990 census and look forward to maintaining a working relationship with you over the next decade.

Sincerely,

Barbara Everitt Bryant
Director
Bureau of the Census

VINTONDALE	582	697	812	38	-16.50

AFFILIATE DATA CENTERS

The purpose of the Affiliate Data Center (ADC) network is to more directly meet the needs of local users. The ADC's maintain a publicly accessible collection of census materials and reports. They have personnel trained to assist data users in locating data items and are available for consultation. The ADC's provide a wide range of products and services on a cost recovery basis. The ADC will make referrals to the PSDC or another affiliate if it cannot handle your request.
